COMPANY OVERVIEW

Badger Construction Services is a commercial and industrial roofing contractor serving property owners, facility managers, schools, municipalities, tribal entities, and federal customers. Every engagement starts with a **documented roof-condition assessment** so contracting personnel can weigh repair cost against replacement before committing capital funds.

CORE COMPETENCIES

- Low-Slope Single-Ply**
TPO, PVC, and EPDM replacement and recover
- Restoration Coatings**
Silicone and acrylic fluid-applied systems
- Leak Investigation**
Infrared, core cuts, and moisture surveys
- Repairs & Flashings**
Membrane, penetration, curb, and drain repair
- Preventive Maintenance**
Semiannual inspections and drain clearing
- Modified Bitumen**
Torch, cold-applied, and self-adhered systems
- Metal Roofing**
Standing seam, retrofit metal, and edge metal
- Emergency Response**
24/7 active-leak response and temporary dry-in
- Storm Damage**
Documentation and repair scopes
- Roof Asset Planning**
Condition reports and replacement forecasting

DIFFERENTIATORS

Diagnosis Before Pricing

Recommendations backed by photos and written findings — including when repair is the right answer.

Federal Documentation by the Prime

Certified payroll, submittals, RFIs, three-phase QC, and closeout produced in-house.

Occupied-Facility Focus

Phased work and interior protection that keep schools, offices, and plants running.

Manufacturer-Approved

Approved installer across five major systems, selected to fit building conditions and warranty requirements.

SSHO & Safety Program

APPs and AHAs prepared to USACE EM 385-1-1 expectations.

Positioned In-Region

About two hours from Tinker AFB, Fort Sill, McAlester AAP, Oklahoma City, and Tulsa.

GAF

CARLISLE

VERSICO

JOHNS MANVILLE

PAST PERFORMANCE

Emerging prime backed by commercial and institutional roofing field experience and a management layer built for federal contract administration. Larger requirements are pursued as a roofing subcontractor to build a CPARS record. References, contract values, owner contacts, EMR letter, and OSHA 300 logs furnished with each proposal.
